

Hello Neighbor!

I'm from your local **Capital Area Neighborhood (CAN): "Downtown Bridges"**.

CAN is a neighborhood communication network connecting neighbor to neighbor, and linking area residents with municipal and regional services through **volunteer coordinators**.

My name is: Hanif Nazerali
I live locally on: 38, STATE STREET
Call/text me: (802) 461-3512
Email me: hnazerali@cs.com

This downtown CAN aims to **build bridges** in our community and provide downtown residents opportunities to shape plans for mutual flourishing, co-creating **home**.

As we face the challenges of this pandemic, social change and for many, economic hardship this collaborative project offers you a say, right where you stay, and perhaps "another way".

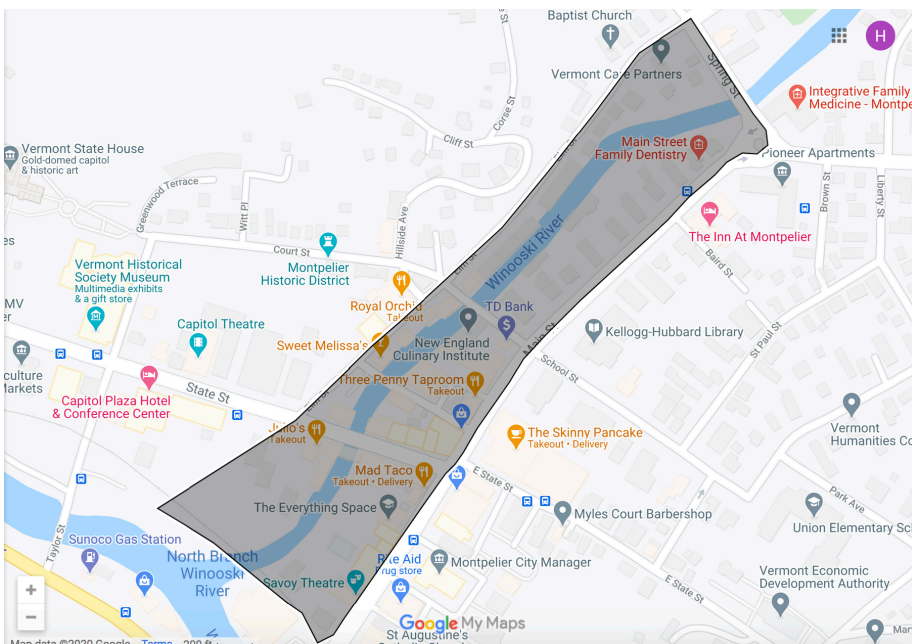

Stay connected!

Join your neighborhood group so you can receive / share updates on matters of local interest as well as emergency communications and offers of essential services.

Please **call, text or email me with your contact details** / requests for further information.

Map of the CAN "Downtown Bridges"

Comprised of **150 households** along the North Branch of Winooski River, linked by **five bridges**:

- 1) The shared use path bridge next to Shaws;
- 2) Rialto Bridge along State Street;
- 3) Langdon Street Bridge;
- 4) School Street Bridge;
- 5) Spring Street Bridge.

...from the Winooski confluence to Spring Street.
